INCLUDES SAILING INSTRUCTIONS

SEATTLE  

MAY 20 - 21, 2011

ORGANIZED BY SAILING WORLD MAGAZINE

**The lightest sailing
jacket on the market.
Plain and simple.**

Gill®
RESPECT THE ELEMENTS™

The Gill Race Jacket is, quite simply, the lightest performance sailing jacket in the world. It is part of our new Race Collection developed for the ultimate sailing teams, who want stripped down, lightweight, flexible and ultra breathable clothing without compromising performance.

RACE
COLLECTION

A large sailboat is shown from a low angle, sailing on a choppy green sea under a clear blue sky. The sailboat's white hull and deck are visible, with several crew members in white shirts working on the deck. The sail is a dark, textured material, likely carbon fiber, with the number '61300' printed in white near the top. The sail is divided into sections by horizontal lines, and the letters 'AM' and 'MA' are visible on one of the sections. The text 'It's better in 3D' is overlaid on the sail in a large, white, sans-serif font, with the '3D' in a bold, red, 3D font.

It's better in 3D

Only North Sails uses a patented process to thermo-form sails on a full-sized 3-dimensional mold. The simple truth is... a North 3D sail is more efficient than any 2D sail. If it's not a North sail, it's not 3D and it's not thermo-molded. Contact your North Sails representative today to learn how North **3DL**® laminate or **3Di**™ composite foil sails will add a new dimension to your performance.

Better by Design

Dear Seattle NOOD Regatta sailors,

Welcome to the 4th annual 2011 Seattle Sperry Top-Sider NOOD Regatta, presented by Mount Gay Rum. *Sailing World* started the NOODs 24 years ago and we owe all of you a big thank you for your participation, support and loyalty. We're pleased to have you join the thousands of sailors who compete annually in the NOODs around the country throughout the year.

Sailing World, the owner and organizing authority of the Sperry Top-Sider NOOD Regatta series, welcomes Sperry Top-Sider, now in their fifth year as our title sponsor and key partner in this national regatta. Sperry Top-Sider has been the number one choice in performance footwear for sailors for more than 75 years. Be sure to check out their excellent selection of Sperry Top-Sider footwear and official NOOD Regatta gear, available for purchase each evening during the parties. Sperry Top-Sider is pleased to share their passion for life in, on, and around the water with all of you.

Working with our gracious hosts, the Seattle Yacht Club and Corinthian Yacht Club, your class coordinators, and all of our sponsors, our goal is to give you lots of competitive racing, and of course, entertainment, food, and refreshments by night. A special thank you goes to the many volunteers for assisting both on-the-water and ashore.

Your participation is very important to us: It makes this series the best one-design racing experience out there. If you have any suggestions or requests, don't hesitate to drop either one of us a note anytime or look for us on site. On behalf of our event sponsors and the *Sailing World* Team, good luck on the racecourse, sail fast, and enjoy the NOOD!

NOW FOR A WORD ABOUT OUR SPONSORS...

TITLE SPONSOR

As Paul Sperry watched his cocker spaniel, Prince, run across the ice on a winter's day in Connecticut, he noticed his dog's amazing ability to maintain traction on the slippery surface. Turning over Prince's paw, he observed hundreds of tiny cracks and cuts going in all directions. These wave-like grooves became the inspiration for Mr. Sperry's latest patent, called Razor-Siping™, and were instrumental in maximizing the traction and performance of the Authentic Original Sperry Top-Sider first introduced in 1935.

Since inventing the first boat shoe, Sperry continues to share its Passion for the Sea with those who love the good life in, on and around the ocean. Sperry is a rare and unique American brand. For nearly eight decades, generations have connected with the brand through a shared passion for the water; and families have happily invited Sperry into their daily lives. A father teaching his son to sail a mother teaching her daughter how to tie up their boat, Sperry Top-Sider has been there performing every step of the way. Sperry is, quite literally, a brand born on the water. Visit www.sperrytopsider.com

Look for special opportunities to share your passion for the sea with them at the NOOD Regattas and beyond.

SUPPORT SPONSORS

North Sails is the world's leader in sailmaking through an ongoing commitment to designing and building sails that are faster, lighter and longer lasting than any other sails. Founded in 1957 in San Diego, CA by Lowell North, North Sails has grown to over 40 major sail lofts and 60 sail care, sales and satellite lofts in 29 countries. North's growth and success has been built on a foundation of superior performance, quality, technology and customer service. North Sails is also committed to performance sailing from the ground up and giving back to the sport. For nearly 20 years, North Sails has provided major support and funding to the Sailing World NOOD Regatta series because it offers lively competition and social camaraderie that boat owners and crew want. Whether you've been racing for 20 years or are a newcomer to the sailing scene, the Sperry Top-Sider NOOD regattas are well-organized and fun for all competitors which is why North Sails is proud to be a sponsor. When performance counts, the choice is clear: www.northsails.com

The team of passionate sailors at Sunsail has spent 35 years supporting participation in sailing and is proud to support *Sailing World's* NOOD Regattas. Sunsail has invested in a cutting edge fleet, with over 1,000 professionally maintained yachts in 30 breathtaking cruising grounds around the globe, staffed by people who love sailing as much as you do. You'll find that Sunsail's philosophy is simple - to provide the same great sailing vacation we'd expect ourselves. Discover your passion with Sunsail. www.sunsail.com

Designed By Sailors For Sailors - US SAILING Regatta Network provides leading edge solutions for online registration, e-commerce and data management specifically made for regattas and competitive sailing events. Beyond online registration and payment processing, US SAILING Regatta Network provides a central portal for the management of all aspects of regattas, club events, camps and classes. In addition to sponsoring the Sailing World/Sperry Top-Sider's NOOD regattas since 2007, we have processed almost 71,000 registrations for 1,600 events worldwide. That's why US SAILING Regatta Network is one of the top registration and event management solutions in sailing. For more information, visit www.regattanetwork.com

Gill is a very rare thing these days. A brand that only does one thing: we make an ultra-technical range of sailing clothing for the dinghy racing enthusiast to full-on ocean circumnavigation gear. Our waterproof sailing clothing and sailing equipment keeps you comfortable in all conditions. Gill products are available throughout North America through independent marine dealers, West Marine, Gander Mountain, and Gill approved online dealers. For more information on our dealers, visit us at www.gillna.com. Facebook Page: www.facebook.com/gillgear

West Marine's founder and chairman, Randy Repass took his own passion for boating, channeled it into a prosperous business and revolutionized the way people shop for boating supplies. With over 300 stores in 38 states, Puerto Rico and Canada, the company now carries more than 50,000 products, ranging from the rope that started it all, to the latest in marine electronics. In addition to its retail stores and Port Supply wholesale divisions, the company serves boaters in more than 150 countries worldwide through its mail order and Internet divisions. West Marine relies on outstanding customer service, selection and quality as its anchor. www.westmarine.com

PRESENTED BY

THE RUM THAT INVENTED RUM. Mount Gay® Rum, the world's oldest and finest rum, has been distilled in Barbados since 1703. Mount Gay Rum Distilleries has the heritage & reputation for crafting the world's most premium rum. Perfected craftsmanship that is found in every bottle, gives Mount Gay Rum its smooth, rich taste. The Brand's extensive range of fine offerings, includes 1703 Old Cask Selection, Extra Old, Eclipse and Eclipse Silver Rums. Mount Gay Rum, the "official rum of the NOODS", has had a long and loyal relationship with the international sailing community. Known for the best post-race parties and the highly valued red regatta caps, Mount Gay Rum is the drink of choice for the sailing world. The Brand initiated Sailing Spoken Here as an independent website designed exclusively for sailors featuring content for casual sailors and competitive racers. The site is a virtual location where sailors can celebrate every facet of the sport. Check it out at www.sailingspokenhere.com and www.mountgayrum.com.

For 24 years *Sailing World* has owned and organized the National Offshore One-Design regatta series since launching the first event in 1988. We started with the simple idea that racing level in production boats would be more fun than the alternative, and although we certainly didn't invent the concept, we're glad it's caught on so well. There are nine events in North America including our NOOD Championship in the BVI, all supported by a strong cast of yacht clubs and sponsors and covered both in *Sailing World* and at www.sailingworld.com.

SAILING INSTRUCTIONS

Presented by Mount Gay Rum & *Sailing World*

May 20 - 22, 2011 • Seattle, WA

Sailing World is the organizing authority of this regatta in cooperation with the Seattle Yacht Club (SYC) and the Corinthian Yacht Club of Seattle (CYC)

1. RULES

- 1.1** The regatta will be governed by the rules as defined in the 2009-2012 Racing Rules of Sailing.
- 1.2** Boats are urged to refrain from displaying advertising for businesses or products competing with those of the primary and support sponsors of the event.
- 1.3** The prescriptions of US Sailing to the following rules shall apply: 34, 40, 48, 55, 61.4, 64.3(b), 68, 76.1, 76.3 and 86.3 and Appendices F and G2.
- 1.4** RRS 44.1 and 44.2 are changed so that for infringements of the rules of Part 2 only one turn, including one tack and one gybe, is required.
- 1.5** Changes to the RRS are noted elsewhere in these sailing instructions.

2. ENTRIES

- 2.1** Eligible boats may be entered by completing registration with the organizing authority. The NOOD Regattas are open to those boats whose Owner and/or Skipper is a current member of their National Governing Body (US SAILING for USA members, to join call 1-800-877-2451).

3. PERSONAL FLOTATION

- 3.1** In addition to individual class rule requirements, the wearing of PFDs by individuals sailing aboard all other boats is encouraged.

4. NOTICES TO COMPETITORS

- 4.1** Notices to competitors will be posted on the Official Notice Board.
- 4.2** The Official Notice Board is located near the east entrance of the Corinthian Yacht Club Shilshole clubhouse and unofficially on the Seattle Yacht Club web site at www.seattleyachtclub.org.
- 4.3** The race committee may provide unofficial communication at any time by hail or over VHF. Any communication that is not defined by the rules or paragraph 7 of these Sailing Instructions is unofficial communication. No aspect of unofficial communication, including content, timeliness, existence, or failure to hear, will be grounds for a request for redress. This changes RRS 62.1(a).

5. CHANGES IN SAILING INSTRUCTIONS

- 5.1** Any change in the Sailing Instructions, except an oral change made under paragraph 7, will be posted before 0900 on the day it will take effect, except that any change in the schedule of races will be posted by 2000 on the day before it will take effect.

6. SIGNALS MADE ASHORE

- 6.1** Signals made ashore will be displayed from the flagstaff on the Corinthian Yacht Club Shilshole clubhouse.
- 6.2** Code Flag AP with two sound signals means "the race is postponed." Code Flag AP over the appropriate Division Pennant(s) and/or class flags with two sound signals means "the race is postponed for those specific divisions or classes".
- 6.3** When flag AP is displayed ashore, the warning signal will be made not less than 60 minutes after the removal of AP unless at that time the race is postponed again or abandoned. This changes RRS Race Signals AP.

7. SIGNALS MADE AFLOAT

- 7.1** In accordance with RRS 89.2 (c), oral changes to the Sailing Instructions may be made on the water. A change is in effect when the RC signal boat displays code flag L over A with one sound signal. This means come within hail of the Race Committee boat to receive the oral changes to the Sailing Instructions.

8. SCHEDULE OF RACES

- 8.1** Friday May 20 Racing.....1st signal at 1100
- Saturday May 21 Racing.....1st signal at 1000
- Sunday May 22* Racing.....1st signal at 1000
- *No warning signal will be made after 1500 for Keelboat Classes or 1600 for Centerboard Classes on Sunday May 22.

9. DIVISIONS, CLASS FLAGS, AND STARTING SEQUENCE

- 9.1** Divisions, class flag and course location assignments will be posted on the Official Regatta Notice Board. Copies will be available to all competitors at registration.

10. COURSES

- 10.1** Courses will be signaled from a reader board on the race committee signal boat.
- 10.2** A course description on the reader board will be a series of letters on one row indicating the marks and their required sequence for the course. The first letter displayed is the starting mark; the last letter is the finishing mark and the letters between are the rounding marks.
- 10.3** For Divisions A and B: The reader board will have three rows to signal three separate courses. Each class will be designated one of these three rows to signal the course for that class. The reader board row designation for each class; either top, middle, or bottom – will be posted with the classes and class flags.
- 10.4** For Division C: The reader board will have two rows to signal separate courses. Each class will be designated one of these two rows to signal the course for that class. The reader

board row designation for each class – either top or bottom – will be posted with the classes and class flags.

10.5 The marks are as specified in Attachment A:

Mark Descriptions.

10.6 All rounding marks shall be left to port.

10.7 After completing the first leg of the course, a boat shall not cross the finishing line unless she is finishing. A boat that fails to observe this restriction shall not re-cross the line to correct her error. This changes RRS 28.1. Instead she may exonerate by taking a One-Turn Penalty. A boat that fails to exonerate herself will be scored DNF without a hearing. This changes RRS 63.1 and Appendix A5. The finishing line is an obstruction for boats subject to this restriction.

10.8 The race committee may shorten the course or abandon the race for individual classes by including the class flags for affected classes under the flags required by RRS 32. This changes RRS 32.

11. RACING AREAS AND RACE COMMITTEE SIGNAL BOATS

11.1 There will be 3 racing areas defined as shown on the Approximate Course Areas exhibit:

North Course (Division "A")

Meadow Point Course (Division "B")

Shilshole Course (Division "C")

11.2 The signals made afloat will be made from one of the Race Committee boats:

Seattle Yacht Club M/V "Portage Bay"

Corinthian Yacht Club M/V "YC5"

Corinthian Yacht Club M/V "YC6"

11.3 If necessary an alternate race committee signal boat may be used. The race committee signal boat may fly a blue R/C flag.

11.4 Divisions and classes will be assigned to Racing Areas after classes are formed on May 3rd.

12. STARTING SIGNALS

12.1 For Divisions A and B, starts will be made in accordance with RRS 26

12.2 For Division C, the warning signal will be 3 minutes before the starting signal. The Preparatory signal will be 2 minutes before the starting signal. This changes RRS 26.

12.3 The starting line will be between a staff displaying an orange flag on the race committee signal boat and the course side of the starting mark.

12.4 If the warning signal for a succeeding class is made with the starting signal of a preceding class, and if the preceding class has a general recall, then the class flag of the succeeding class will be removed and the start of the succeeding class will be considered abandoned without further signal.

12.5 If a boat is subject to RRS 29.1, Individual Recall, or RRS 30, Starting Penalties, the race committee may attempt to hail her sail number directly and/or on VHF. No aspect of the hail, including content, timeliness, existence, or failure to hear, will be grounds for a request for redress. This changes RRS 62.1(a).

12.6 A boat starting later than five minutes in the Division A or B, or three minutes in the Division C, after her starting signal will be scored Did Not Start. This changes RRS A4 and A5.

12.7 A boat whose warning signal has not been made shall avoid the starting area when other boats are racing but have not yet started.

12.8 The race committee signal boat may maneuver to maintain position on the starting line with engine, including while anchored.

12.9 Boats that cause damage to the race committee signal boat while on the starting line shall be subject to protest by the race committee and shall be liable for any damages.

13. POSTING OF COURSES

13.1 Courses will be posted as described in Sailing Instruction 10.

14. RETIRING FROM A RACE

14.1 Boats retiring from a race shall attempt to inform the Race Committee before leaving the racecourse.

15. CHANGE OF COURSE FOR THE NEXT LEG

15.1 Flag C over a class flag will indicate that a change has been made for that class only. This changes RRS 33 (a). The absence of a class flag(s) under a signal flag indicates that the signal applies to all classes.

16. CHANGE OF COURSE BETWEEN STARTS

16.1 If there is a significant wind shift during a series of starting sequences, the Race Committee may signal a change of course for a class as follows: At the preparatory signal, flag C will be displayed, and remain displayed, until after the starting signal. The signaled fleet will sail to the change mark. This changes RRS 33.

17. THE FINISH

17.1 The finishing line will be between a staff displaying a blue flag on the race committee signal boat and the course side of the finishing mark.

17.2 The race committee may adjust or maintain the position of the finishing mark at any time without regard to RRS 33. If a race committee boat is attached to the finishing mark while boats are on the last leg of the course, that race committee boat shall display flag M as in RRS 34(b), but shall not be required to make repetitive sound signals. This changes RRS 33 and 34.

17.3 The race committee signal boat may maneuver to adjust or maintain the size and orientation on the finishing line with engine at any time, including when anchored. This changes RRS 33 and 34.

17.4 Boats that cause damage to the race committee signal boat while at the finishing line shall be subject to protest by the race committee and shall be liable for any damages.

18. TIME LIMIT

18.1 The time limit for boats racing the Divisions A and B shall be 3 hours. For boats racing in Division C, the time limit shall be 2 hours. Boats finishing more than 30 minutes after the first boat to finish in their class will be scored DNF (Did Not Finish).

19. PROTESTS

19.1 A boat intending to protest or request redress for an incident that occurred while racing shall orally notify the race committee signal boat as soon as possible after retiring or finishing by hail, or VHF until she receives an oral confirmation from the race committee that the notification was received. This changes RRS 61.

19.2 Written protests must be delivered to a representative of the protest committee located at the lower level of the Corinthian Yacht Club Shilshole clubhouse within the protest time limit.

19.3 The time of the protest time limit will be posted on the official notice board after the docking of the race committee signal boat. The protest time limit is 45 minutes after the docking of the race committee signal boat or 15 minutes after the posting of the time of the time limit, whichever is greater.

19.4 Hearing notices will be posted on the official notice board within 5 minutes after the protest time limit to inform parties to a hearing of the time and place of the hearing. Hearings may commence at any time if parties are present and prepared; otherwise hearings may be scheduled as early as 10 minutes after the protest time limit. The posting of hearing notices shall be considered notice as required by RRS 63.2.

19.5 A boat may not protest another boat for an alleged breach of Sailing Instruction 12.7 and 19. This changes RRS 60.1(a).

19.6 Penalties under sailing instruction 12.7 may be less than disqualification. This changes RRS 64.1(a).

20. PROTEST ARBITRATION

(This changes RRS 60.1(b), 63.1, 63.6, and 66)

20.1 Arbitration hearings may be held prior to the protest hearing for all protests involving violations of Part 2 of the Racing Rules of Sailing.

20.2 After protests are turned in, one representative (conforming to RRS 63.3(a)) of each boat may appear before an arbitrator. No witnesses are permitted.

20.3 After hearing the testimony of each representative, the arbitrator shall reach one of the following conclusions:
1) There was no breach of a rule. If the representatives agree, the protest is withdrawn and cannot be reopened. If any representative disagrees, the matter goes to the jury for a hearing.

2) There was a breach of a rule by one or more of the boats involved. The representative(s) of the offending boat(s) have the option of accepting a 40% alternative penalty (calculated as in RRS 44.3(c)) or submitting the matter to the jury for a hearing. If the penalty is accepted, the matter cannot be reopened or made the subject of a redress request.

3) The matter should go to the jury for a hearing. 20.4. When the protest is referred to the jury, the arbitrator shall not be a member of the jury hearing the protest.

21. SCORING

21.1 Boats will be scored in class for the series.

21.2 A boat's series score will be the total of her race scores for all races. This changes RRS Appendix A2.

21.3 One race will constitute a series.

21.4 A boat that did not start (DNC, DNS, OCS), did

not finish (DNF, TLE), retired after finishing (RAF), or is disqualified (DSQ, DNE, DGM, BFD) will be scored the number of finishers plus one. This changes RRS Appendix A4.2 and A9.

22. COURTESY BROADCASTS

22.1 Information will be made available by the Race Committee over the following VHF Channels:

Channel 72 for Division A

Channel 69 for Division B

Channel 68 for Division C

Information is provided as a courtesy to competitors and does not in any way alter the competitors' responsibility to observe the Race Committee's visual signals which govern the conduct of the racing. Errors or omissions regarding these courtesy broadcasts will not be considered as grounds for redress.

23. PRIZES

23.1 Overall series prizes will be awarded by class in the Regatta Tent at CYC, Shilshole. An award will be made to the boat which, in the opinion of the Organizing Authority and the Race Committee, had the best overall performance during the 2011 Sperry Top-Sider Seattle NOOD Regatta.

24. BOW STICKERS

24.1 Easily removable bow stickers provided in the Skipper's package, shall be attached to the forward 25% of both sides of the boat's hull at all times while racing. The stickers are to be carried with the top approximately 6"-10" below deck level and with the leading edge approximately 10"-20" aft of the bow.

24.2 Protests involving infringements of SI 24.1 can be filed solely at the discretion of the Race Committee or Protest Committee. This changes RRS 60.1.

25. MEDIA AND TELEVISION

25.1 Competitors give absolute right and permission for any photograph and video footage taken of themselves or the boat they are sailing during the event, to be published in any media whatsoever, for either editorial or advertising purposes or to be used in press information.

26. HAULING

26.1 There are no restrictions on hauling out during the regatta.

The Sperry Top-Sider NOOD Regattas are official US SAILING sanctioned events.

Buoy Course Marks (position relative to race committee signal boat)

The course diagram for buoy course marks depicts the general orientation of the marks (identified by the letters S, A, X, Z, B, U, and F), the race committee signal boat ("R/C"), and the wind. All marks are inflatable buoys with the color as shown on the diagram. The diagram is not drawn to scale and the positions are only approximate.

- S Orange starting mark (may also be used as a finishing mark)
- A Yellow mark to windward of race committee signal boat
- B Yellow gybe mark
- C Yellow mark to leeward of the race committee signal boat
- X Red mark to windward of race committee signal boat
- Z Red mark to windward of race committee signal boat, within approx. 0.2 nautical miles
- U Red mark to leeward of the race committee signal boat
- F Yellow finishing mark

Puget Sound Marks (position based on geographic location)

Bearings are magnetic. Distances are in nautical miles (NM). Bearings and distances are approximate. Each temporary mark is shown with its label in a circle. Each permanent mark is near its label in a square box. Positions are approximate.

- D Duwamish Head Lt. (LL #16910)

BETTER ENGINEERED SAILS

STRONGER THAN STEEL STS-12

© Lore von Siebenthal

STS-12-75 is the latest innovation in high performance cordage solutions from New England Ropes.

Features:

- 100% Dyneema SK75 Fiber
- Extremely high tensile strength
- Ultra low elongation
- Treated with our Marine Tech Coating to improve overall durability, fiber to fiber abrasion, and UV resistance

And for even greater strength, introducing the strongest, most powerful rope in its class, STS-12-90, which is made of 100% Dyneema SK-90 fiber.

STS 12-75 and STS-12-90 are available at leading riggers and marine shops nationwide.

New England Ropes • 848 Airport Road • Fall River, MA 02720-4735 • 800-333-6679

SAIL MORE. STRESS LESS.

SAILING WORLD

US SAILING has partnered with Regatta Network to provide the industry leading solution for online registration and event management designed specifically for regattas and competitive sailing events. After processing over 28,000 registrations for more than 740 regattas in 2010, US SAILING Regatta Network has proven to make regatta registration and event management more organized and less stressful. From online registration to results and every step in between, US SAILING Regatta Network has been designed to make your event run so smoothly that many of our clients are able to run their regattas *and* sail in them.

Whether you are responsible for a national championship, distance race, junior regatta, or series races, US SAILING Regatta Network is designed to streamline and simplify event management from creation, registration and payment processing to race day management and scoring. But just don't take our word for it, look what our clients think:

US SAILING Regatta Network has been a great find for our yacht clubs. It's easy to set-up, easy to use and when you have a question you can get an answer...from a real person! There are a limited number of volunteer hours available and Regatta Network helps conserve those hours so that volunteers are helping sailors with things that really count. We recommend it highly. - Peter Johns, President / Southern Mass Sailing

Get your events online today! Visit US SAILING Regatta Network at www.regattanetwork.com, or call us at 866-987-2638 to schedule an online demo.
